

# MATH REVIEW: Prepare for MATH 20

**Math 20** requires Math 10 knowledge as a prerequisite. Here is a resource to help you prepare.

## *MyOpenMath*

**MyOpenMath is a free resource to help you prepare for Math 20**

Students can prepare for math classes at CCC through self-paced review using a free resource called MyOpenMath (MOM). In addition to practice problems with answers, there are also text resources and videos to help you learn or relearn topics and skills.

If you have not used MOM before, go to [MyOpenMath.com](https://www.myopenmath.com) and register as a **NEW STUDENT**.

You will be asked to enter your information to begin a class. CCC uses MOM in several of its math courses, so if you take one of these free prep courses, you will already have an account. You will also be familiar with how to use MOM if you have a future math class that requires MyOpenMath.

When prompted, enter the following Course ID and Enrollment Key information exactly as written below including capitalization and numbers.

**Course ID: 22151**

**Enrollment Key: Math 20 CCC**

*Please use this resource to review the basic math skills needed to be successful in Math 20 at CCC.*
