

**ACC Curriculum Mapping Document**  
***Must be completed for EACH articulated college course***

Instructions: A curriculum map outlining how your high school course aligns and assesses the CCC course learning outcomes is required for all new ACC articulations. You will be asked to map each CCC student learning outcome to the specific assessment you use in your high school course and include assignments/assessments demonstrating each outcome. The CCC student learning outcomes can be found on the CCC course outline. Please email [hsconnections@clackamas.edu](mailto:hsconnections@clackamas.edu) to request a copy of the CCC Course Outline if needed. Please combine the completed curriculum map with your assessments in one PDF file to upload into the ACC application for all new articulation requests.
